Mercedes-Benz Manufacturing Poland

Health, Safety and Environmental Policy

"Powered by tomorrow. Do what is appropriate and honest."

We care for the health, safety and well-being of our employees and prevent accidents at work and occupational diseases.

We comply with laws and regulations and take responsibility for our own actions.

We address current and future challenges related to environmental aspects.

We do not tolerate discrimination – our aim is to ensure equal opportunities for everyone.

Together we develop products that are highly environmentally friendly within their market segments.

We offer our customers services and information focused on ecology and energy efficiency.

We work with Mercedes-Benz AG to achieve exemplary environmental protection and energy efficiency results worldwide.

We minimise risks in the working environment.

We plan all production stages to ensure optimal environmental protection and efficient use of energy.

We provide our employees and the public with comprehensive information on environmental protection and energy consumption.

We are committed to constructive cooperation with employee representatives.

We strive to balance profitability with people and the natural environment.

We are all responsible for maintaining a healthy and safe workplace and for protecting the natural environment.
